

September 2010 New Graduate Opportunities

The next New Graduate Internship will begin 9/20/2010.

We will be posting new graduate nurse opportunities in July 2010.

New Graduate positions will be posted for students under contract to work at UMC after graduation and/or current employees. The job postings available will state "Open to New Graduates under contract to work at UMC."

If you are not in this group and you do apply, you will be disqualified from consideration until we interview and hire the initial group. If there are positions that are available after the first round of hiring, we will repost those positions and you may reapply. We do not know if there will be positions still available.
